

Name _____ Date _____ Class _____

Bohr Person Project

Directions: You will pick an element card that will inspire your 'Bohr Person'. The Bohr atom will form the 'head' for your person. Your person should incorporate information from the element card. Your person can be dressed up for Halloween or be engaging in a summer activity. Fill out the following information before constructing the final draft of your Bohr person:

Atomic Symbol: _____

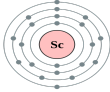

Atomic Name: _____

Number of electrons: _____

Number of electron orbitals: _____

Rough Draft of Bohr Atom:	Information from Element Card:

You will get an index card to draw your Bohr person on. Set up your card like this:

<p data-bbox="279 1417 539 1444">Name of Bohr Person</p> <p data-bbox="316 1453 501 1480">By: Your Name</p> 

<p data-bbox="782 1514 1276 1541">Information about <u>(element name)</u></p> <p data-bbox="782 1572 1052 1600">Atomic Symbol: _____</p> <p data-bbox="782 1631 1133 1659">Number of Electrons: _____</p> <p data-bbox="782 1690 1122 1717">Explanation of Bohr Person:</p> <p data-bbox="782 1749 1344 1818">(Connect properties of element to how you designed your Bohr Person)</p>
